lean manufacturing system **by**  **UNIOR®**

Premium + QualiCoat

> The charging station has direct connection to the power grid. With four shelves, it allows you to charge battery tools or connect other electrical accessories, such as your phone, laptop, and other smart devices. It is an indispensable element of a modern workshop.

1 > material: premium PLUS sheet metal

2 > door locked with lock and folding key

3 > plexiglass door for viewing the cabinet interior

4 > the doors open 180°

5 > unlocked doors are held by magnets

6 > includes 4 shelves, the upper 2 are fixed, the lower two are adjustable

> the upper two shelves are designed for charging batteries and smart devices. Each include a bank of twelve main outlets.

> the upper shelves are perforated for extracting hot air

> the shelves are reinforced

> the side parts of the cabinet in the upper part are perforated for an easier extraction of hot air. Perforation serves as a means to attach accessories

> the cover contains a plate with the mains switch, protective switches for the splitters and a thermostat, which can be regulated between 0 and 60°C

> the cover also contains a ventilator allowing the air to flow at 160m³/h, which is activated at the set temperature and removes hot air from the cabinet, it includes a protective mesh netting and filter at the front, and the cover above the ventilator contains perforation for removing air

> main plugin cable, lenght of 5m, 5X16A 400V

> the cables are hidden in ducts

> all electronics are marked with appropriate stickers

> all cabinet parts are grounded

7 > the cabinet bottom is made in such way that it allows the cabinet to be moved with standard transport equipment such as forklifts and hand pallet trucks

> basic dimensions of cabinet L 770 x W 430 x H 2052mm

> coated with eco colour of QualiCoat quality standard

991LMS.C2 CABINET ORGANIZER FOR TOOL TRAYS

- > Cabinet organizer for tool trays with nine shelves allows a visible and structured way of storing tools. The trays are slanted for visibility purposes, but can also be mounted in a horizontal position. The trays fit the standard 3/3 inserts with slots for various hand tools. The trays fit the trolleys and are easily replaceable.
- > material: premium PLUS sheet metal
- > door locked with lock and folding key
- > plexiglass door for viewing the cabinet interior
- > the doors open 180°
- > unlocked doors are held by magnets
- > includes 9 shelves at a 20° angle for a better overview of the tools in SOS inserts
- > a shelf with a front edge for limiting the tray
- > the shelves basically have spacing of 170mm
- > the shelves are reinforced
- > the side parts of the cabinet in the upper part are perforated for attaching accessories
- > the cabinet bottom is made in such way that it allows the cabinet to be moved with standard transport equipment such as forklifts and hand pallet trucks
- > basic dimensions of cabinet L 770 x W 430 x H 2052mm
- > coated with eco colour of Qualicoat quality standard

991LMS.C1 CABINET ORGANIZER FOR DOCUMENTS

- > The cabinet organizer for documents is an ideal solution for systematically organized documentation, safely stored behind see-through doors for extra visibility. It features four adjustable shelves and a wide-open door option. Its walls are perforated, which allows the installation of additional accessories that will make the space additionally optimized.
- > material: premium PLUS sheet metal
- > door locked with lock and folding key
- > plexiglass door for viewing the cabinet interior
- > the doors open 180°
- > unlocked doors are held by magnets
- > includes 4 shelves which can be customised on 9 vertical positions
- > the shelves basically have spacing of 342mm
- > the bottom of cabinet serves as the fifth, fixed shelf
- > the shelves are reinforced
- > the side parts of the cabinet in the upper part are perforated for attaching accessories
- > the cabinet bottom is made in such way that it allows the cabinet to be moved with standard transport equipment such as forklifts and hand pallet trucks
- > basic dimensions of cabinet L 770 x W 430 x H 2052mm
- > coated with eco colour of Qualicoat quality standard

991LMS.T1 SERVICE TROLLEY

- > Save yourself the unnecessary carrying of heavy loads or inserts. The service trolley with 300 kg of load capacity allows the transport of two inserts on trays and other equipment at the same time, which will optimize your work process.
- > material: premium PLUS sheet metal
- > for transporting two trays containing SOS inserts which we place in a drawer, and two storage surfaces for transporting various parts, with the total carrying capacity of 300kg
- > casters of 200mm in diameter with roller bearings
- > handle for easier handling around an area
- > upper working surface with raised edges of 25mm in height, which is meant to contain tools and working items
- > the drawer can hold two metal trays with foam inserts and can be pulled out, enabling easy access to the tools.
- > capacity of drawer: 30 kg
- > coated with eco colour of Qualicoat quality standard

628540	1350	800	1000	1423	767	123000

- 1 > heavy duty and durable cabinet construction
 - > cabinet dimensions: L1221 × W700 × H1304 mm
 - > 6 drawers: 2 in size L1106 × W596 × H72 mm with capacity 90 kg and 4 in size L1106 × W596 × H198 mm with capacity 180 kg
 - > total drawer volume: 522 liters
 - > 100% extension drawers with high quality ball bearing slides
- 2 > central locking system with a lock and folding key
- 3 > block safety system prevents simultaneous opening of more than one drawer. When one drawer is opened, all other drawers are locked and cannot be opened, which prevents drawer from tipping over.
- 4 > customization – divide drawers with the use of partitions and dividers according to your needs
 - > made of premium PLUS sheet metal
- 5 > painted with eco colors of Qualicoat quality standard

> This mobile, adjustable, safe and stable trolley ensures that you won't have to take any unnecessary transport routes during your work. It provides a tidy workplace, excellent accessibility to resources, basic tools and documentation. It features a portable work surface, and item security is ensured by a locking system. It is useful in workshops, production and everywhere in lean manufacturing (LMS).

> material: premium PLUS sheet metal

MODULAR WORK BENCHES

The modular work benches are exceptionally durable and of high quality. As the name implies, they offer a rich selection of elements, designed for the user to choose according to individual needs. Since they are compatible, one can assemble a »tailor made« workstation. Our engineers are aware of the specific needs of professional and personal users. Therefore, our solutions ensure convenient accessibility and disposal of tools. The work environment is transparent and convenient. The steel sheet is of superior quality and varnished, providing maximum protection against mechanical damage. The countertops are designed with sustainability in mind, making the work surface virtually indestructible when used properly. The increased productivity of each professional user is the added value, since the counters provide tool accessibility and transparency, therefor maintaining order is very easy.

TOOL CARRIAGES

The carriages are exceptionally durable and of high quality. They are made of high-quality premium PLUS sheet metal. Their main advantage is the mobility provided by four heavy duty industrial casters, two of which can also be locked, which not only provides stability but also safe use. Using a quality trolley, you get the reliable mobile station at the reach of your hand.

Premium + QualiCoat

±1,25mm

LMS
lean manufacturing system by UNIOR

- 1 > material: premium PLUS sheet metal
- 2 > central locking system with a lock and folding key
 - > lock with key included also foam keyring
- 3 > oil and acid resistant wheels of a diameter of 125mm, two with brake, which blocks spinning and rotating of the wheel
- 4 > full extension drawers with top quality ball-bearing slides
 - > opening and closing of drawers is very simple due to the uniform solution - drawer handle on the upper side enables users a synchronic grip and opening of a carriage drawer.
 - > drawers with non-slip interior synthetic lining
 - > coated with eco colour of QualiCoat quality standard
 - > 7 front drawers (5x L 563 x W 365 x H 70mm, 2x L 563 x W 383 x H 150mm)
 - > 7 side drawers (5x L 374 x W 364 x H 70mm, 2x L 374 x W 364 x H 150mm)
 - > basic dimensions with handle and casters L 1182 x W 640 x H 955 mm
 - > total volume of drawers: 215 litres
- 5 > wooden worktop
 - > static load capacity of carriages without casters: 2300 kg
 - > dynamic load capacity of carriages: 550 kg
 - > capacity of side drawers: 25 kg
 - > capacity of front drawers: 45 kg
 - > drawers compatible with SOS tool trays 1/3, 2/3, 3/3

Advantages:

- > Perforated wall on the back side of the tool carriage allows hanging tools with tool hooks
- > As an accessories available also a spray holder for easy storage of sprays up to dia. 68mm, and a back door with a lock

WORKSHOP EQUIPMENT

First and foremost, all our equipment is distinguished by quality and durability. Our innovative design puts us at the top of global tool suppliers. Products made of high-quality sheet steel are protected by varnish against mechanical damage, which, if used properly, is practically indestructible. Plastic tool cassettes are also extremely handy, easy to carry, and made of very durable polypropylene. Other equipment will add value to your workspace as it rounds out the functionality of each workflow. All Unior workshop equipment offers excellent transparency and easy access to the tools, making it easy to maintain order and increase individual productivity.
